- The Bridal Rail can only order from manufacturer's size charts as the dresses are NOT custom made. To order the correct size, you must be measured professionally and follow the size chart. These gowns run small and are sized differently from everyday wear. Dresses cannot be exchanged for another size once the order is placed with the manufacturer. If you are not measured in the store, The Bridal Rail cannot be held responsible for the size selected.
- The Bridal Rail is not responsible for your change in measurements – due to any weight gain or loss – from the order date to your fitting date or wedding date. Our policy is to order the dress to fit the largest part of the body – bust, waist or hips.
- Alterations are an extra charge. Allow 2 – 4 weeks. No appointment is needed
- All dresses are ordered together to ensure same dye lot of fabric.
- Allow 12-14 weeks for delivery. (If needed quicker, rush charges may apply.)
- If a cancellation is made before the dresses are ordered, a refund can be made less a \$10 service fee per dress. There are no refunds once dresses are ordered and received.
- All sales are final. No refunds, credits or exchanges. If wedding postponed or cancelled, dresses must be picked up by original wear date or deposits will be forfeited.
- The Bridal Rail will notify Bride when dresses are received and should plan to pick them up within 30 days of their arrival in the shop. Bride is responsible to contact attendants.
